

DAMOH

(243) RUKMANI MATH, KUNDALPUR

The Kundalpur is situated 35 kms from Damoh on Damoh-Katni road. It is facing east the *lalat* structure is based on 30 pillars, covered with stone slab wall. A large gate is in the centre with two small doors at corners. A sanctum is built by two pillars in the centre of the math which contains *padpith* of the image with two side *adhithans* on each side. There is no image in the sanctum now. Perhaps this math was dedicated to

Shaiv sect. It seems to be constructed in 12th century A.D. by Kalachuri rulers.
